

# Sedibeng Mine Delivering

**4 April 2018**

Frontier Diamonds Limited (ASX: FDX) (**Frontier** or **the Company**) is pleased to provide an operational update for the Sedibeng Diamond Mine.

## Highlights

- ▲ Sedibeng mine throughput of 7,200 tonnes for the month of March 2018.
- ▲ Progressive implementation of Sub Level Retreat mining at Sedibeng expected to see throughput increase further to its targeted level of 10,000 tonnes per month by June 2018.
- ▲ Total Sedibeng diamond production for the month of March 2018 was 1,513 carats. This includes the recovery of 5 exceptional stones totalling 72 carats.

Discussing the recent performance of the Sedibeng operation, Frontier's CEO, Jan Louw, commented *"We are now well advanced towards achieving our targeted throughput level of 10,000 tonnes per month following the introduction of the Sub Level Retreat Mining method at Sedibeng. We are also very pleased with the improved grades being achieved and the recovery of several exceptional and highly impressive stones from newly developed areas of the mine."*
